Financial Policy

Thank you for choosing California Vein Specialists as your vein-health care provider. Our goal is to build a successful physician-patient relationship with you. Your understanding of our patient financial policy and your responsibility for payment for services is important to our professional relationship. If you have any questions about our fees, our policies, or your responsibilities please ask our practice manager. It is your responsibility to notify our office of any changes in your address, name, telephone, insurance information, etc. Please understand that payment of your bill is considered part of your treatment. The following is a statement of our Financial Policy, which we require that you read and agree to prior to any treatment.

Insurance Claims

Dr. Leary's services are provided directly to you and not to an insurance company. Insurance is a contract between you and your insurance company. As a courtesy to you we will bill your insurance if we are contracted with them, with the requirement that you assign benefits, allowing the insurance company to pay our physician directly. To properly bill your insurance, we require that you provide all up-to-date insurance information.

- You are expected to present a current insurance card and ID at each visit. Copayments and past due balances are due at time of check-in. You may pay by cash, check, money order or credit cards.
- If we are not contracted with your insurance company you are responsible for payment in full on date of service. We will provide you with a receipt to submit for reimbursement. We are not providers under any HMO plans, Medi-Cal plans, Affordable Care Act plans, and other plans. It is your responsibility to know if our office is participating with your plan.
- You are responsible for your own insurance benefits. Payment for services rendered to you and/or your dependents will not be postponed due to pending insurance claims. We will bill contracted insurance companies up to 60 days from the date of service at which time the balance will become the patient's responsibility if no payment has been received from the insurance company.
- Coinsurance, deductibles and payments for non-covered services, and any other portion of these services not paid by the insurance company, and not normally adjusted as part of our contractual agreement with the insurance company will be your responsibility. Payments of known deductibles etc. are due at the time services are rendered. It is the insurance company that makes the final determination of your eligibility and benefits.
- Not all services provided by this office are covered by every plan. You are responsible for understanding your benefit plan and for knowing its requirements. It is your responsibility to pay for services if your insurance does not pay. After insurance claims are paid, remaining balances are payable in full within the regularly scheduled 30-day billing cycle.
- Payments of past due balances must be made prior to a scheduled appointment.

Self-pay Accounts

- Patients without insurance are expected to pay for services at the time of the visit.

Returned Checks

- A returned check charge of $25 will be payable by cash or credit card. A returned check may be cause for providing services on a cash-only basis.

Packages for Services

- All pre-purchased treatments and/or treatments purchased in a package must be used within 1 year of purchase or payment is forfeited.

Outstanding Balances

- If previous arrangements have not been made with our finance office, any account balance outstanding over 90 days will be forwarded to a collection agency.

We reserve the right to refuse treatment to anyone based upon the determination of the authorized agent, employees or representatives of California Vein Specialists, that said person is not an appropriate candidate for such treatment.

I agree to the financial policies of California Vein Specialists as outlined above. I agree to accept responsibility for my bill regardless of my insurance coverage. I authorize payment of medical benefits to J. Michael Leary, MD dba California Vein Specialists and the release of any medical or other information necessary to process insurance claims.

I confirm to the best of my knowledge that the information I have provided is true and correct.

Patient's Signature: _____ Date: _____

No-Show Policy

We value you as a patient and recognize the difficulties you face in trying to coordinate all the demands made upon your time.

As a result of high demand on our schedules, we ask that you give us a 24-hour notice if you cannot keep your appointment. This allows us to give that time to other patients with urgent needs.

Patients who miss appointments without calling at least 24 hours in advance will be charged a $50 fee that is not covered by insurance.

We understand when special circumstances occur. If you call us and explain those to us at your earliest opportunity, we will be happy to reschedule your appointment. And the "no show" will not be counted against you. A third No Show may result in the dismissal from this practice.

Thank you for your cooperation.

Dr. Leary and Team
