VEIN SPECIALIST

**J. Michael Leary, MD,  
FACEP**

## VEIN VEIN GO AWAY™

Dr. Leary provides treatment for the full spectrum of vein disease from large, painful, bulging varicose veins, or venous ulcers, to minor cosmetic spider veins. He has successfully treated thousands of patients over the past 12 years in Newport Beach, utilizing the latest technology and continually setting the highest standards in vein care. Dr. Leary has been recognized as a leading Orange County vein specialist for his skill in performing endovenous laser procedures for varicose veins. With his experience and expertise he is the preferred vein specialist for many doctors, models and celebrities in Southern California. He believes developing a relationship with his patients is the best way to deliver high-quality care. He personalizes each treatment to the individual patient and works closely with other medical specialists to ensure seamless, high-quality care. Many of his patients report an immediate improvement of the pain in their legs. Dr. Leary prides himself in restoring his patients' legs to a vein free appearance.

As Dr. Leary says, "In the case of treating painful or unsightly varicose veins, cutting edge medical treatment means no cutting at all."
